Vi Bella Jewelry helps release people from poverty in Haiti, Mexico, and the United States by providing them steady, well-paying jobs in safe, encouraging work environments. Our artisans use discarded plastic and glass bottles, metal bottle caps, old paper and even oil drums to craft unique handmade jewelry and gift items. When you choose Vi Bella,

you're helping create beautiful lives.

The Youth Ministry Team is raising money for their summer mission trip in David, Kentucky, conference scholarships, and to sponsor senior dinners.
